II. PROGRAM MANAGEMENT

[Reference Rules-Sec 18, 27, 30, 31, 32]

1. Philosophy and Purpose**

Chemical dependence is a primary disease that manifests itself in chronic, progressive, negative consequences for the offender, their family, and the community. For personal and community safety, alcohol use is acceptable only when used responsibly, by people of legal age, and when the risk of adverse consequences is low or non-existent. There is no tolerance for impaired driving in this community. Prescription and over-the-counter medications are to be used only for the purposes for which they were intended, and illegal drugs are not to be used at all.

When people misuse or abuse drugs (including alcohol), proper early intervention by Harmony Superior Court, can be an effective strategy and tool for countering the negative cost to this community for such behavior by offenders.

Therefore, it is the purpose of Harmony Superior Court, to provide the appropriate type of substance abuse assessment, education, referral to treatment, and case management to eligible court offenders in need of such services and in lieu of criminal detention.

2. Goals and Objectives**

[Reference Rules-Sec. 18]

A. The goals of Harmony Superior Court are:

- (1) To improve public safety by reducing alcohol and drug related criminal activity and deviant behavior.
- (2) To improve the quality of life of offenders, their family members, and the public by reducing the frequency and severity of substance use by offenders.
- (3) To provide such service through the use of user fees at no expense to the taxpayer.

B. The objectives of this program are:

(Note: Objectives need to be measurable)

- (1) To provide eligible offenders with a timely, appropriate assessment, for the purpose of determining an appropriate type of intervention.
- (2) To provide substance abuse education, at basic and advanced levels, that will enable and promote a behavioral change on the part of offenders.
- (3) To provide appropriate referral of offenders to substance abuse treatment providers, who will provide effective treatment for the offender.
- (4) To develop and maintain an effective network of treatment providers and contractors to whom clients may be referred.
- (5) To provide a continuum of care and management of an offender's case that meet both the criminal justice and treatment system requirements by focusing on the compliance of the offender within their individualized treatment and criminal justice requirements.

C. Harmony Superior Court will review these goals and objectives annually and revise them as necessary. These goals and objectives reflect the philosophy of this program and will guide the program's operation and delivery of services.

4. Organization**

[Reference Rules-Sec. 27(a)-(d)]

A. The governing body of this program shall consist of the judges of the Circuit and Superior Courts of Harmony County. The program's Supervising Judge will be the Judge of Harmony Superior Court. The Program Director and staff will review this manual at least every two years and update it as necessary, dating each page. It is available to the governing body and program staff and is kept in the Program Director's Office. A copy of the program's organizational chart is included as an **Enclosure** of this manual.
